

CD MECHA PWB ASSY (XJD-0010-00) XJJ-0390-00

Note : The Parts Number, value and rated voltage etc. in the Schematic Diagram are for references only.
When replacing the parts, refer to the Parts List.

(Attention)

The listed voltages are measured,for instance,by the multimeter
with impedance of DC20kohm/V for J

For parts denoted by "**",refer to destination table for details.

Unit of all unspesified resistors is "ohm".

Unit of all unspesified capacitors is "F".

Power rating of all unspesified resisters is 1/10W.

Voltage fating of all unspesified capacitors is 50V.
